NEWS FROM *Don*

As the holiday season approaches each year many of us find this is a time to reflect on the blessings that surround us. Among my blessings in 2018, one is to be at Bay Hill with the wonderful members and staff and another to be back home in Orlando. In my reflections I am also reminded of Arnold and Winnie Palmer and the passion they had for so many charitable causes. They believed in the power of giving and the impact that any act of kindness or service, big or small, could make in a community.

Many don't realize that within our own corporate structure housed in Orlando, that Arnold and Winnie Palmer's Charitable Foundation, Arnie's Army, continues the wonderful work of the Palmers, carrying on the traditions that many people working toward common goals can change the world.

And joining our family here at Bay Hill, we all welcome Jon Podany, the new president of Arnie's Army, and CEO of Arnold Palmer Enterprises, who will help advance the Palmer family of businesses and carry on the traditions established by them.

Following this spirit of giving, you may not be aware that the employees at Bay Hill support many local causes including the donation of their time and energy to Second Harvest Food Bank, the Boy Scouts of America, Walk for Winnie and more. We also are striving to do more for the environment and I am proud that starting January 1, 2019, we will join the movement to eliminate plastic straws. Our basic recycling program will continue and the Club is looking into other ways that we can positively impact the environment.

You, our members, also have the opportunity to positively impact the lives of many in our community and beyond. The actions we collectively take will have ripples that go on for generations. I invite you to participate this holiday season by taking up the banner of Arnie and Winnie Palmer in making an investment that will last a lifetime, the investment in others. Beyond that, my hope is that you won't just limit it to the holidays, but instead you'll make giving an ongoing activity.

May you and your families have a wonderful holiday season, filled with peace, joy and love.

Sincerely,

Don

Donald P. Emery, CCM, CCE
President/General Manager

The spirit of Arnold and Winnie Palmer lives on.

TIP OF THE MONTH

Being able to maximize your strengths and exploit your opponent's weakness is key in winning more matches. Is his/her backhand weaker than the forehand? Do they respond well to high balls from above the shoulder, or low balls below the knees? Do they struggle moving to the ball or hitting on the run? Try paying close attention to your opponents abilities next time you compete and look for the areas you can take advantage of.

9-HOLER NEWS

by Megan Noland

The 9-Holers season is in full swing. We have enjoyed a full agenda, complete with clinics, Sunday Scrambles, Wine and Nine Scramble and our Member Guest Tournament and Luncheon! Thank you to all who have volunteered to make these events possible.

Our Member Guest event, "Give My Regards to Broadway" held October 23, was a "smash hit"! Big thanks to **Linda Pizzolato** and **Cristie Rex** for chairing this spectacular event. We all enjoyed dressing up in our favorite Broadway show costumes and trying to play golf! Thank you also to **Becky Crowley** and **Susan Latorre** for organizing the Wine and Nine event... a 9'ers favorite!

Plan ahead to put on your calendar our many other exciting upcoming events. Happy holidays!

18-HOLER NEWS

by Nicole Smith

Where does the time go? We blinked, and before we knew it almost half the season is over. Three couples events, a guest day, and a President's Cup makes for some busy 18 holers. Congratulations to the Carswells and the Wards for taking home the first couples event win of the season. Shortly after we had one of our coveted guest days where we show off our course to our friends from near and far. We lucked out with beautiful weather and a full roster with the 1st place net finish belonging to **Dana Rohe, Kathi Marinari, Fran Clinkscales, and Christina Korpolinski**. 1st place gross was a close one but the winners in the end were **Debbie Mooksang, Cindy Kinjo-Hardart, Lisa Robinson, and Nicole Powers**. A special shout out to our fabulous General Manager Don for surprising us with mimosas to kick off the morning! In the October couples event, the **Carswells** found themselves on top again; this time with **Norm and Linda Cardilli** joining them. And finally, our biggest event thus far this season was the coveted President's Cup: a partner match-play event that ends with an intimidating horse race. A big round of applause to **Paula Hodges and Martha Ward** for their big win as the 2018 Presidents Cup Champions. There is still much golf to be had this year, and you can already feel the excitement with the new season underway and cooler weather to come!

Golf Cart Usage: We will be lifting the “cart path only” restrictions in early December, depending upon how well the rye grass is filling in. I know it seemed like this time would never come, so let’s enjoy it and do our best to use the golf carts responsibly. Please observe 90° cart rules – after teeing off drive on the paths until you reach your golf ball, you may then drive to your ball, play your shot, then proceed to the path (unless your cart partner’s ball is in close proximity to your last shot).

CLUB RULE REMINDER: Due to the increased demand for starting times, the Club's winter season guest policy took effect on December 1:

ACCOMPANIED GUEST PLAY

December 1 – April 30: Members may have no more than one guest on Saturdays before noon during the winter season and no more than three guests on all other days unless they are staying at the Bay Hill Lodge.

UNACCOMPANIED GUEST PLAY

December 1 – April 30: Members may call the Golf Shop to arrange a starting time no more than 3 days in advance for play Monday – Thursday only, based on availability.

Jan 22-25 PGA Merchandise Show at the Orange County Convention Center – this event draws a very large golf-seeking contingent to the area every year. This represents one of our busiest weeks of the year, with tee times often sold out every day of the week. If you have plans to play that week, please be sure to reserve your tee times 7 days in advance per our tee time policies. If you wait until the last minute to book your tee time, the likelihood of tee time availability is slim. When making a tee time, please provide names of all golfers in your party – if you will be hosting a golf professional that week, please provide that information as well. We appreciate your assistance.

CONGRATULATIONS!

OCT 14TH

Robby Goulet recorded his first lifetime hole-in-one # 2 of the charger. He hit a 9 iron from 125 yards.

OCT 25TH

Pete Watzka aced #2 Charger with his pitching wedge (120 yards) during the Member-Guest Par 3 Contest qualifier.

Fathers and Sons – Be sure to sign up for the 24th Annual Christmas Eve Father-Son. Always a very popular event at the club with 120+ participants last couple years. Gentlemen, you can be the father or the son on your respective team; if you have more than one son, you can play with both.

KEEPIN' IT GREEN

by Chris Flynn

It has been 7 months since the start of our Irrigation renovation and we are now in the final stages of completion. Our contractor Liebold Irrigation has only a few team members still on-site to complete some final punch list items. This was truly a large-scale, monumental project. Not only was this the largest golf course irrigation project occurring in the U.S. this year, it was the largest single project any of our contractors and vendors have ever executed. Some interesting final stats:

**Man Hours to complete project –
Approx. 63,000**

Linear Feet of Pipe – 199,500

Number of Sprinklers – 4,400

The system we installed is the Rain Bird IC. IC refers to “Integrated Control” as this system does not use satellites (the control boxes you typically see located throughout the golf course). With a satellite based system, the Central Control computer located in our offices communicates with the satellite (either by wire or radio) to control the sprinklers (by wire). The IC system eliminates the need of a satellite box and the Central Control computer communicates directly to each individual sprinkler.

Some highlights on how this will give us the ability to provide enhanced course conditions:

- Increased pressure capacity (larger Mainline Pipe) giving the ability to irrigate more area in less time.
- Sprinklers – Doubled the amount giving us much better coverage of the property Single Head Control along with using smaller heads giving increased precision

- Design will allow roughs and fairways to be irrigated separately.
- Greenside bunkers will have mister-sprinkler zones.
- New Weather Station (located between Holes #2 & #8 and multiple rain can sensors located throughout property will measure precipitation in real-time and automatically adjusts irrigation schedules when rainfall hits pre-determined thresholds
- Can be completely controlled by radio, iPad, or cell phone.
- The ability for future retrofitting or additions is simple.

To complete this project required an immense amount of planning and hard work. I can't thank all the people enough who were involved and assisted with this from start to finish. It certainly started with having the support of management to approve this project. Our contractors, Leibold Irrigation, Rain Bird, and Designer/Consultant Tony Altum did an amazing job and were very enjoyable to work with. My team here at Bay Hill really stepped up as usual and dedicated a lot of extra time and effort in ensuring the project was successfully completed while still maintaining the golf course to a high standard.

And last but certainly not least, I like to thank all of the Members for being so understanding and supportive. With such a project, the golfing experience was routinely interfered with and you all handled it very well. I am appreciative that everyone impacted by this project understood the “big picture” and how in the end this will be a win-win for all.

As always, please do not hesitate to contact me or flag me down out on the course with any concerns or suggestions. 'Til then – Hit 'Em Straight!

Golf Tip

By: John O'Leary III

I hope that you are enjoying the variety of short game shots we are now able to practice on our new two acre short game area as much as I am. The variety of shots we can practice is only limited by our imagination.

My suggestion is to head over to the short game area with your wedges, get a tube of balls and get to work. Hopefully you had the opportunity to come watch Sam Saunders and Roger Cleveland give their clinics on wedges and short game practice. If not you are in luck because I was present and listening to their wisdom from the Tour.

- Their first suggestion was to play the lowest shot possible. This means minimum air time and maximum roll time. (Yes, putt if you can putt.)
- Soften your grip pressure. Chances are you are gripping the club too hard. They also had a few suggestions on how to set up to play chip shots and short pitch shots.
- Narrow your stance, keep your weight favoring your front leg, Sam felt like he had 60% on his left leg. I like to keep my stance narrow to minimize the chance of swaying.
- Grip down on your club an inch or an inch and a half with your hands slightly forward of the clubhead.
- The motion should feel like you are brushing the turf. No need to rush the downswing. Allow the loft of the club to loft the ball.

Now dispense a tube of balls. Chip six of them with your pitching wedge. Try to land them three to five feet onto the green. Pay attention to how far they roll. Next repeat the process with your gap wedge or sand wedge. Again notice how far the balls roll before stopping. You should also try this with your most lofted wedge. One thing that you might overlook is how good the results are from your bad swings. Go around to the different greens and experiment with uphill, side hill and downhill lies to build your confidence for the golf course.

I look forward to seeing you out practicing soon. *(Please note that no balls were skulled in the photography for this tip.)*

Welcome MARY HORNBECK

Dress Code: Clubhouse/Dining Attire

Proper golf or casual business attire is required; jean shorts, T-shirts, swimwear, tank tops, midriff-bearing attire and gym clothes are not permitted. However, jean pants in good repair are allowed. Those who desire to wear shorts will need to have a hem length no more than 4 inches above the knee. Men's shirts must have collars and must be tucked in unless the shirt was specifically designed otherwise. Men's mock turtlenecks are allowed. Gentlemen must remove their hats while inside the Clubhouse.
