### GOLF CART USAGE

Hooray! December is here. December means parties, shopping, holidays with family, presents and best of all...lifting the "cart path only" restrictions! I know it seemed like this time would never come, so let's enjoy it and do our best to use the golf carts responsibly. Please observe 90° cart rules – after teeing off drive on the paths until you reach your golf ball, you may then drive to your ball, play your shot, then proceed to the path (unless your cart partner's ball is in close proximity to your last shot).

### SIGN UP NOW FOR OUR CHRISTMAS EVE FATHER-SON EVENT

Fathers and Sons – be sure to sign up for the 22nd Annual Christmas Eve Father-Son. This event has become THE most popular event at the club with over 120 participants last year. Gentlemen – you can be the father or the son on your respective team – if you have more than one son, you can play with both.

### TITLEIST FITTING DAY 9AM-1PM

Sign up for a club fitting session or stop by to try out the latest Titleist products.

### GREAT GIFT IDEA

Free Personalization on Titleist golf balls (up to 3 lines or text.) Offer available through December 31.

## Keepin' It Green

By Chris Flynn

Our annual overseed procedures have concluded and the focus is now for a successful grow-in. Part of that includes being “cart path only” for a number of weeks. Controlling golf cart traffic is not only a key aspect in establishing a strong stand of overseed, but plays a major role in how we must manage the golf course year round.

The use of golf carts certainly has an unavoidable detrimental side, mostly being increased turf wear and soil compaction. It is not just the routine traffic patterns that are the problem, but also where players drive where they are not supposed to. This is the purpose of the Cart Signs and the Brown Stakes.

Any reduction in the use of carts at a property such as ours that does nearly 40,000 rounds is of great benefit. The number of single-cart riders here is quite large and I certainly understand the reasoning. The convenience is undeniable in using your own cart and in not pairing up with someone else. But this is an issue that must be managed in order to provide the best turf conditions we all desire.

Golfers rarely realize or understand the amount of wear and damage that can be caused by golf cart traffic. This is especially true in the cooler months when the course sees the most traffic. Overseeded or not, bermudagrass will suffer from repeated high traffic when it's not actively growing. Having a thick stand of overseed only masks the problem until the spring and early summer where only then can the damage be seen.

To manage this issue I must control golf cart traffic to the best of my ability. The use of cart signs and the brown stakes are there to assist in this effort. It would be my preference to not have any of that stuff out there as I believe it litters the aesthetics of the golf course. But it is a necessary evil at a place that does so many rounds of golf.

On a daily basis I see the pride that many of you have in the golf course. Thank you for your efforts in doing things such as repairing ball marks, replacing/filling divots, and raking bunkers. These examples of golfer etiquette along with judicious golf cart usage will go a long way in producing and sustaining quality turf and playing conditions throughout the entire year.

As always, please do not hesitate to contact me or flag me down out on the course with any concerns or suggestions. 'Til then – Hit 'Em Straight!

## Golf Tip of the Month

By Blake Terry

### Callaway Customs MD3 Wedge

Callaway has made it possible to customize your own wedge. Contact the golf shop for instructions on how to customize your new set of wedges. Options include 10+ color options on paint fill, port colors, stamping and more.

**Tip:** Make sure your wedges have the proper grind. Callaway has three unique grinds to suit the shots you hit, the courses you play and swings you make. It's the versatility and selection you need to get up and down from anywhere.

**W-Grind:** A slightly wider sole. Perfect if you play in softer conditions or you come in with a steep angle to the ball.

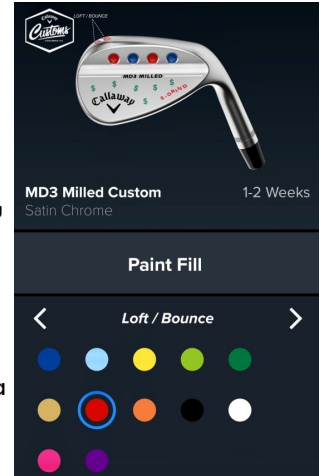

**S-Grind:** The most versatile option. It's great for a wide range of conditions, shot types, and swings.

**C-Grind:** Designed for firmer conditions and versatility around the green. The heel and toe relief allow for a number of shots, especially opening up the face and keeping the leading edge low.

**Upcoming Demo Days:**

Bobby Grace: Saturday, December 3 from 8am-3pm

Titleist: Friday, December 9 from 9am-1pm

Stop in the Golf Shop to get your 2<sup>nd</sup> edition of our Custom Cloisonné Bay Hill Ornament. This year we are featuring Hole #18. Available while supply lasts.

# 2016 MEMBER-GUEST

Congratulations to our 2016 Men's Member-Guest Champions. After eliminating 7 other flight winners and a wild card team in the Shootout, the teams of **Roy & Steve Nassau** and **Keith Kreigh & Jeff Steege** staged an epic battle on the 18th hole to determine this year's Member-Guest Champions. After tying the hole with pars, the teams opted to replay the 18th hole rather than chip-off for the tie-breaker. After a topped tee shot and a brilliant recovery shot from the bacon-wrapped scallops, the teams tied the hole with bogeys. The crowd of 100+ watched the finalists across the lake as the 18th was played as a par-3 from the back of #16 tee. Steve Nassau's tee shot to 20-feet was good for a team par and the Championship. Congratulations to **Brent Jordan** and **Todd Setsma** on their third Gross championship in the event in the past 5 years.

*Happy Holidays Bay Hill Family!* We hope everyone had a fun and filling Thanksgiving! There is a lot of talk about what we will be doing with pickleball and I want you to know that we are in the works of figuring out the best way of going about incorporating pickleball here at Bay Hill. We had a great turn out at our last event, and if you have never played, we will be having a few more pickleball days where you can come out and learn what all of the hype is about.

With the Holidays here and the New Year right around the corner, I would like to encourage everyone to keep playing over the break. We will be offering multiple clinics and a fun Round Robin over the break and we hope to see you on the courts! There will be a fun Round Robin for all members on Wednesday, December 28 from 9:00 a.m. to 11:00 a.m. We will be playing points and having a different format for each round. This is a great way to play and mingle with all of our teams.

Please make a note of the following days in which the Tennis Pro Shop hours will be slightly adjusted:

### Ladies and the Pull Up

This one is for the ladies (but works for men as well.) With the new VCK in the Fitness Center, many ladies are setting goals to do unassisted Pull Ups. This is a great and attainable goal but there can be a drawback. Generally speaking women have weaker upper bodies, but this can be improved by increasing core/mid-section strength. Here are four simple but not easy movements that will increase your core strength.

- Med Ball Roll Out on Knees**  
 Start on your knees with your forearms tucked into your chest with your arms on the ball. Keeping a neutral spine, and braced abs, push your arms away to full lock out then pull them back in. IF YOU FEEL ANY PAIN IN YOUR BACK, STOP perform 5-10 reps for several sets.
- Med Ball Roll Out on Feet**  
 Same as above but you are on your toes, much like a push up.
- Lat Pull Ins on Med Ball**  
 Start in a push up position with your shins on the ball. With a Neutral spine and braced abs push your hands forwards so your body goes backwards till your arms are straight then come back to the starting position.
- Side Planks**  
 Set up on your side and start with bent knees and prop up on your elbow, make sure to keep a straight line between your head, belly button, and knees. Once you have mastered this, move to the same position but with a straight arm. Next, move to a straight arm and straight legs, and finally to the straight arm and leg then add an elevated leg.

These simple movements will put you well on your way to a strong, safe Pull Up. For questions about these movements or proper Pull Up techniques, please feel free to stop by or call me at The Spa at Bay Hill at 407-876-8011.
