# Inside the White Stakes

By Brian Dorn

**DECEMBER 11, 2016:** **Sara Ball** recorded an eagle 2 on hole #3. She played the hole with a Driver and a 9-iron. This was her 3rd eagle at the club and the 2nd on hole #3. Way to go, Sara!

**JANUARY 17, 2017:** **Richard Simeone** aced the 186-yard 2nd hole with a beautiful 3-wood shot. It was Richard's first lifetime hole-in-one.

**JANUARY 9, 2017:** **Bruce Walters** recorded his 12th lifetime ace AND cleared the Shootout Hole-in-One pool on the 7th hole from 160 yards.

Congratulations on your great shots!

**CARE FOR THE COURSES:** Please help us keep your golf course in its best possible condition: please repair your ball mark plus one other on every green. Sometimes you may have to check the front of the green to find your pitch mark. If the mark is not repaired immediately, it could take up to 2 weeks to heal. Please replace your divots or fill the divot with the sand mixture provided on your golf car. It is critical this time of year that we care for the course in this manner as these practices directly affect the course conditions for the Arnold Palmer Invitational. Each year the PGA Tour asks us to place greater limits on the amount of play we allow leading up to the event. If we can minimize the wear and tear on the course and the regeneration time for ball marks and divots, hopefully we can eliminate the need for further play limitations.

**CART PATH RESTRICTIONS:** We appreciate your assistance as we manage golf cart traffic in an effort to minimize wear in traditionally challenging areas. We will continue to restrict cart traffic on holes 5 & 13 plus two other holes (on a rotation basis) Sunday through Wednesday each week in February.

Unless circumstances dictate otherwise, our plan is to implement "cart path only" restrictions on all holes beginning Monday, February 20.

With the API right around the corner, months of planning and preparations always seem to be a race to the finish. From critical areas such as the condition of our greens, to the smallest of details like edging cart paths, time is a precious commodity.

The importance of having the golf course in pristine condition for the tournament is often a challenge when maintaining the balance of meeting expectations for daily play in the months prior. Strategies such as being cart path only, restricting tee times, and conservative greens conditioning during stressful periods are often necessary. Most often the deciding factor is typically the condition that our turf was in as we entered the fall and the impact of the weather during the winter months. Thus far, conditions have been favorable for daily play along with expectations come tournament time.

While turf conditions are the focus, we must pay equal attention to an array of details that are all important in making Bay Hill shine come tournament time. In this time we must bring in extra labor to assist with tasks such as greens ballmark repair, filling fairway divots, removing rocks from bunkers, and removing moss from trees.

We will also focus on landscape items such as planting flowers. We will be installing Dianthus, Viola's, Geraniums, Snapdragons, and Ornamental Cabbage. All landscape beds will get a fresh coat of pine straw which requires approximately 4,500 bales. There will be more tree trimming on holes 11 thru 18 and we will be removing excess moss from all tree across the property.

Speaking of moss, I have been asked on numerous occasions about it and its effects. Spanish moss is a familiar part of Florida's environment and it is actually not a moss but a bromeliad, a perennial herb in the pineapple family. Most bromeliads, including Spanish moss, grow on other plants, but do not rely on them for nutrients. They take nutrients from the air and debris that collects on the plant. It does not have roots and attaches by wrapping its stems around a surface. Many think that Spanish moss kills their trees; this is not the case because moss is not parasitic. The only thing Spanish moss uses trees for is support. If you observe tree decline after heavy infestations of Spanish moss, the trees are usually declining because of a different factor. In fact, tree decline can cause Spanish moss growth as the canopy thins and lets in more sunlight for the moss to grow. Certainly heavy moss on a tree can shade leaves and slow growth, but healthy trees will grow faster than the moss. Be aware that the moss can also weigh down and sometimes break branches. This, along with it littering the rough, is the reason we annually remove it from the bottom of the tree canopy.

Our team has done an outstanding job and I am excited about how the golf course is taking shape. Let's hope for more favorable weather as we come down the home stretch.

As always, please do not hesitate to contact me or flag me down out on the course with any concerns or suggestions. 'Til then – Hit 'Em Straight!

# 9-HOLERS NEWS

By Diana Freund

On December 11, the Nine Holers held their Sunday Scramble. The **Nassau/Harduvel** team prevailed at #1 with the **Blackburn/Lytle** team coming in at #2. **Cristie Rex** and **Don Schumacher** won closest to the pin.

The group had it's annual Holiday Scramble & Luncheon on December 13 with a holiday theme of *Caroling Through the Hills*. **Linda Schumacher** chaired the event in partnership with **Denise Martin**. Many thanks for an event that captured the spirit of the season! The Holiday charity this year was Kids Beating Cancer. As always, the response was strong in supporting this wonderful organization.

On January 3, Pro Adam held a putting clinic to help sharpen the Nine Holer's skills. The clinic was followed by the Tuesday play day featuring a putting challenge won by **Karen Smith**, a clinic attendee, with a total of 13 putts. Congratulations to all our winners!

Dec. Sunday Scramble Winners: Art & Anita Harduvel; Cheryl & Roy Nassau

Holiday Scramble: Denise Martin, helper; Linda Schumacher, Chairwoman

Charity Committee for "Kids Beating Cancer": Jane Imfeld, Becky Crowley, Kids Beating Cancer CEO /Founder Margaret Guedes, Susan Latorre, Cristie Rex

## Zach's Spin

By Zach Ganger

We have switched our online court reservation system to ForeTees. In order to access our new system, you must first login to the Bay Hill webpage. If you have forgotten your email or password, please contact Leigh Anne Huckaby @ 876-8003 or LHuckaby@bayhill.com. Once logged in, you will need to click on the tennis page. Scroll down and below the tennis court picture you will see text that says "To make court reservations or to sign up for clinics, click here." Click on the words that say "click here." You are now in the ForeTees system and signed on as yourself. You may now reserve courts or sign up for clinics.

The same rules apply for 7:00am court reservations the day before. Now, however, there is a clock on the screen so you know exactly when the system is at 7:00am. **This is important!** When on the computer at 6:59am and looking at the clock, you must refresh your page in order to see the green boxes at 7:00am. The screen does not refresh itself at 7:00am, you must. Please see the green circled question mark to the right of the time for more details or questions on how to refresh the page.

To sign up for a court, hover your mouse over the reservation tab and scroll down to "Make, Change, or View Reservations" and click on this section. You will now see the court sheet for today. If there is a green box, the court is open! To reserve a court, you simply click the green box on the proper time and proper court (and be sure the proper day). You then select for how long you would like the court, 30/60/90/120 minutes and then select with whom you will be playing with. There is a member search to the right for you to add all players in your group. When finished, simply click submit request.

Finally, In anticipation of a busy tennis season, we would like to take this opportunity to remind our members about the following tennis policies:

- A guest of a member is only permitted to play tennis 12 times per year.
- There is a \$10 guest fee for each guest playing tennis.
- Members are not permitted to bring their own alcohol or food into the Club, including the Tennis facility. This policy insures the Club's compliance with State of Florida legal requirements.

We appreciate your cooperation. Should you have any questions or concerns, please feel free to contact me at zganger@bayhill.com or 876-8027.

## Fitness News

By Tim Shuman, C.S.C.S.

**DEAR "ABBIES"**

We all know that sexy abs are made in the kitchen/dinner table. But abs of steel are made in the weight room. Abs connect your upper and lower body with a resilient midsection able to do work and not waiver. Two simple yet under utilized exercises for this are: StaticHolds and Loaded Carries.

Static Holds is simply picking up heavy weight and holding it for a set period of time, 10-30 secs to several minutes. This can be off the floor or from a bench or rack system, depending on the load and position you hold the weight in. Holding the weight can be by the waist, on the shoulders or on the upper back. Example, grab a pair of heavy dumbbells and set them on a bench; now safely, while bracing your abs, lift the weight and hold for 20 seconds. Do a couple sets of these and you will know you've used your abs.

Loaded Carries are very similar to the Static Holds, the only difference is now you're moving. You will go from simply holding for time to walking for distance as well. As before, start with a pair of heavy weights on a bench. Brace your abs, lift the weight and walk for a specific distance, i.e. 20 feet, 20 yards etc.

With these two movements you are not only working your abs/midsection, you also involve knee and ankle stabilizers, balance muscles, shoulder and upper back as well as grip strength.

For help with these or any other exercises I've written about in previous newsletters, please feel free to contact me at The Spa at Bay Hill.

### MEATLOAF

Serves 6 – 8

- |                          |                             |
|--------------------------|-----------------------------|
| 1 lb. Ground Beef        | 1 cup Bread Crumbs          |
| 1 lb. Ground Veal        | ½ cup Ketchup               |
| ½ cup diced Yellow Onion | 2 tsp. Worcestershire Sauce |
| ½ cup diced Green Pepper | Salt and Pepper             |
| 2 Eggs                   | 2 tsp. Chopped Parsley      |

Sauté the onions and peppers in oil for a few minutes then add to the rest of the ingredients in a mixing bowl and combine until well blended. Place in loaf pan and bake at 325° for approx. one hour or until internal temperature reaches 165°. Serve with mashed potatoes and gravy.
