NEWS FROM *Don*

Mr. Palmer famously was quoted as saying that “the road to success is always under construction” and this continues to be true for the team at Bay Hill. We learn from our mistakes and build upon that knowledge to provide even more enjoyment for our members and their guests.

2019 was an outstanding year thanks to the ongoing commitment of our club's ownership, the support of our membership and the development of our team. The ever-increasing activity of the growing numbers of new members continues to be a strong factor. Our “new norm” is exciting for us with sold out events and busy dining and recreational activities in every space available, but with greater participation comes new challenges and we now need your assistance.

Please call well in advance of activities and events to make reservations, especially for dinner and lunch dining. This assists the team in properly planning our staffing and allows us to serve you in the manner that is the standard at Bay Hill.

By now you should have received the 2020 calendar chock-full of fun! We are starting the year with a number of events that are sure to please you. Make your reservations today!

FEBRUARY

- Sunday, the 9th - Dining including the all new Bay Hill Brunch and Mixed Golf
- Friday the 14th - Valentine's Day Dinner and Valentine's Kids Club
- Friday, the 20th - Pickleball Social

MARCH

- Friday, the 13th - Tennis Kids Night Out
- Saturday, the 14th - The Main Event II
- Sunday, the 22nd - Mixed Golf and Dinner

With the tournament coming up, we have many opportunities to strengthen relationships and create memories. Don't miss out! Remember that your participation not only provides a wonderful social opportunity, but most importantly, has a great impact on the lives of others thanks to the proceeds benefiting the Arnold and Winnie Palmer Foundation.

Remember:

- Clubhouse badges are for sale thru the Club website
- Limited Pro-Am spots for Monday are still available – talk to API if you are interested
- API Member's Skybox takes place from March 5th– 8th – tickets are limited
- Personal golf carts are not allowed on the golf course or club property during API

I continue to be proud of the progress that has been made at Bay Hill while always building upon the strong foundation and values that Arnold and Winnie Palmer created for us.

Sincerely,

Don

ZACH'S SPIN

by Zach Ganger

Thank you to everyone for a great start to 2020! We have hit the ground running and the courts have been busy with play. Please be sure to stay hydrated and do a proper warm up and stretch before and after you play.

I would like to remind everyone, with tournament right around the corner, parking is going to be very limited at the tennis facility and would be best to carpool with one another the week before and the week of tournament. After our home match on February 12, courts one and two will be closed until Saturday, March 21, so please be courteous to others and allow the next group to start on time. We have arranged for our members to play at Isleworth during this time. Please be sure to call Isleworth no earlier than 24 hours in advance and see if they have any openings. Saturday mornings they have a men's round robin and courts are available after 11:00 am. Reservation times are set as 1.5 hours for doubles and 1 hour for singles. Please be sure to give them the names of all members playing so you may enter through the front gate. We are grateful for Marco (Director of Tennis) and his staff for allowing us to use their facility, so please be sure to follow their rules and thank them if you get the opportunity.

With the end of our season fast approaching, we are already looking forward to forming teams for next year. Our rosters for the fall will be posted in April. If you are interested in participating on a Bay Hill Tennis Team, please contact the Tennis Pro Shop 876-8027 and our professional staff will gladly assist you with any questions.

We have had a few rules questions arise over the past few months and I would like to let everyone know how to correct an issue that may come up during play. As a principle, when an error in respect of the Rules of Tennis is discovered, all points previously played shall stand.

Errors so discovered shall be corrected as follows:

A. During a standard game or a tie-break game, if a player serves from the wrong half of the court, this should be corrected as soon as the error is discovered and the server shall serve from the correct half of the court according to the score. A fault that was served before the error was discovered shall stand.

B. During a standard game or a tie-break game, if the players are at the wrong ends of the court, the error should be corrected as soon as it is discovered and the server shall serve from the correct end of the court according to the score.

C. If a player serves out of turn during a standard game, the player who was originally due to serve shall serve as soon as the error is discovered. However, if a game is completed before the error is discovered the order of service shall remain as altered. In this case, any ball change to be made after an agreed number of games should be made one game later than originally scheduled. A fault that was served by the opponents(s) before the error was discovered shall not stand. In doubles, if the partners of one team serve out of turn, a fault that was served before the error was discovered shall stand.

D. If a player serves out of turn during a tie-break game and the error is discovered after an even number of points have been played, the error is corrected immediately. If the error is discovered after an odd number of points have been played, the order of service shall remain as altered. A fault that was served by the opponent(s) before the error was discovered shall not stand. In doubles, if the partners of one team serve out of turn, a fault that was served before the error was discovered shall stand.

E. During a standard game or a tie-break game in doubles, if there is an error in the order of receiving, this shall remain as altered until the end of the game in which the error is discovered. For the next game in which they are the receivers in that set, the partners shall then resume the original order of receiving.

UPCOMING EVENTS:

February 7th	Intro to Tennis 10:00 – 11:00 am
February 7th	Kid's Night Out 5:00 – 8:00 pm
February 9th	Mixed Doubles 10:00 am - 12:00 pm

9-HOLER NEWS

by Megan Noland

On a chilly November morning the 9-Holers welcomed players from seven local clubs to join us for a day of golf and fun. Thank you to **Paula Hodges** and **Emily Bessette** for organizing the "Life's A Beach Under the Umbrella" themed exchange. It wasn't exactly beach weather, but in true Bay Hill fashion, the redcarpet was rolled out for our guests.

The Holiday Scramble, "Tees and Tinsel" was creatively organized by **Terri Fishman** and **Gina Rice**. Dressed in festive holiday attire, the 9-Holers enjoyed golf, Paula's rum balls, festive holiday decorations and a delicious lunch! A few lucky ladies went home with the beautiful gingerbread house centerpieces, artfully created by Terri Fishman. This year's beneficiary of the 9-Holers generosity was Canine Companions for Independence. Over \$4,400.00 was raised for the Central Florida Chapter through cash and online donations. Thank you all for your generosity.

Our monthly Couples Sunday Scramble has become so popular that we have added a second start time for the event. Couples can choose between a 12pm or 2:30pm shotgun start. Winners in December include the teams of **Denise & Bill Martin**, **Julie Zimmerman & Jeff Pullara**, and **Chris & Emily Bessette**, **Martha & Dana Ward**. In January our winners were the teams of **Martha & Dana Ward**, **Cynthia & Peter Giamalva**, and **Becky & Mark Simmons**, **Susan & Hector Latorre**.

18-HOLER NEWS

by Nicole Smith

'Tis the season to be jolly...and play golf! Kicking off the winter, the BHWGA included the men in our first event - the November Sunday Mixed Golf day. Congratulations to the **Thompsons** and the **Zweifels** for coming in first place! After turkey day, we were all full, happy and enjoying cooler weather just in time for the Arnold Palmer Cup. For those unfamiliar, this is a two day net event, and beyond wanting to win for the normal reasons, something feels special about having your name tied to an event named after our beloved Mr. Palmer. The second day of the event proved to be grueling with on and off rain, but nonetheless our ladies persevered and **Setsuko Day** brought home the victory! We are so proud of all our winners and the dedication to the Cup despite the conditions. To finish off the first half of the season before our Christmas break, we participated in the annual Holiday Shotgun which includes a toy drive supporting the Arnold Palmer Hospital. This event is unlike any other with the field split in half - green vs. red - which makes for a fun and unique format. The best part, however, is meeting representatives from the hospital, seeing videos with the children in it, and filling a Lodge luggage cart with lots of toys to bring a little joy to the kiddos who need it most. Happy New Year from the BHWGA and cheers to a fabulous spring of golf, golf and more golf!

INSIDE THE WHITE STAKES

by Brian Dorn

Nov 22: George Kemsley had a hole-in-one on hole #2, using his 5-hybrid on the 178-yard shot. It was George's 4th lifetime ace and 1st at Bay Hill.

Nov 23: Hervey Lavoie recorded his first lifetime Albatross (double-eagle) with his 2 on the par-5 4th hole. Hervey hit Driver and 3 Hybrid from 200 yards to score his deuce.

Dec 26: Marco Sanchez recorded his first lifetime ace when his 137-yard 8-iron shot found the hole on #2 Charger.

CARE FOR THE COURSES:

Please help us keep your golf course in its best possible condition: please repair your ball mark plus one other on every green. Sometimes you may have to check the front of the green to find your pitch mark. If the mark is not repaired immediately, it could take up to 2 weeks to heal. Please replace your divots or fill the divot with the sand

mixture provided on your golf car. It is critical this time of year that we care for the course in this manner as these practices directly affect the course conditions for the Arnold Palmer Invitational.

Each year the PGA Tour asks us to place greater limits on the amount of play we allow leading up to the event. If we can minimize the wear and tear on the course and the regeneration time for ball marks and divots, hopefully we can eliminate the need for further play limitations.

CART PATH RESTRICTIONS:

We appreciate your assistance as we manage golf cart traffic in an effort to minimize wear in traditionally challenging areas. We will continue to restrict cart traffic on holes 5 & 13 plus two other holes (on a rotation basis) until February 10, at which time all holes will be closed to cart traffic.

KEEPIN' IT GREEN

by Chris Flynn

With the API looming, months of planning and preparations always seem to be a race to the finish. From critical areas such as the condition of our greens, to the smallest of details like edging cart paths – time is such a precious commodity.

The importance of having the golf course in pristine condition for the tournament can be a challenge when maintaining the balance of meeting expectations for daily play in the months prior. Most often the deciding factor is the impact of the weather. Thus far, our biggest test was an unseasonable stretch of wet, cloudy conditions in December. Prolonged, high soil moisture levels along with a lack of sunlight resulted in weak, thinning turf on several of the greens. We had to react instituting strategies to both reduce stress and to promote recovery. After a few weeks of some TLC and some help from Mother Nature the health of the greens drastically improved.

While turf conditions are the focus, we must equally pay attention to an array of details that are all important in making Bay Hill shine. Items such as adding new sand to bunkers, ball mark repair, filling fairway divots, and edging ponds all require additional time to be "Tour ready." Our team here has done an outstanding job and I am excited about how the condition of the golf course is taking shape. Let's hope for some more favorable weather as we come down the home stretch.

Aside from our focus to turf conditions, we have also been paying attention to some furry visitors. Starting in December we began to see on almost a daily basis a pair of coyotes roaming the property & neighborhood.

Coyotes are remarkable in that they can adapt very easily to almost any environment. They are largely active at dawn & dusk but can be seen at any time. They are attracted by the availability of food such as rodents, insects, and scavenged material. It is imperative to not feed them as they could become too comfortable and lose their fear of humans. Therefore you must secure all attractants (pet food, garbage, bird seed, fallen fruit, etc.).

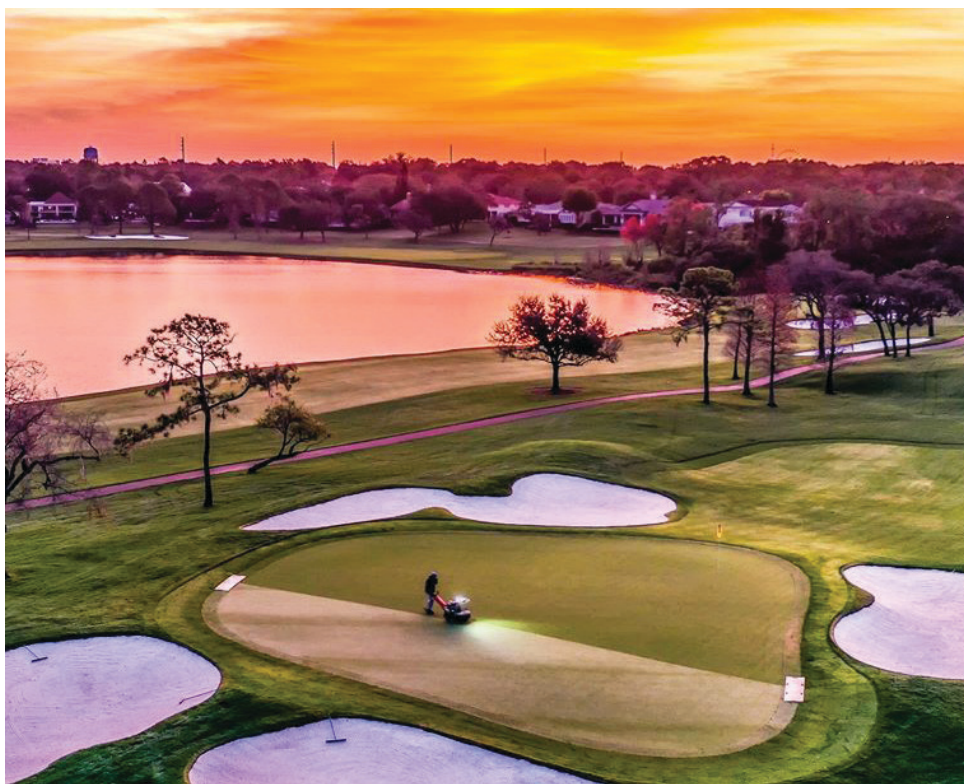

Coyotes are generally not a threat to people and are usually easily scared off. Small pets can sometimes be at risk, especially if left outside unattended. If outside, pets should be on a short leash or within a fenced area as long as the

fence is over 6 feet tall and the bottom is secure from being able to dig under.

Killing or removing (trapping) coyotes from a landscape where they are not currently causing problems is discouraged by Florida Fish & Game as it is not considered a long-term solution. Coyotes are highly organized in their social structure and live in family groups consisting of one mated Alpha pair and Beta individuals that help raise young. Removing one or two will disrupt that hierarchy and cause more young to be born at a faster rate as the Betas vie for and to try to replace the Alpha position that you are likely to eliminate (because Alphas are the more active and visible group members).

Coyotes are actually beneficial to the ecosystem and like the other wildlife found here should be able to coexist. However, it is best that we all are cautious and employ practices that do not lessen their natural fear of humans.

As always, please do not hesitate to contact me or flag me down out on the course with any concerns or suggestions. Till then – Hit 'Em Straight!

ARNOLD PALMER INVITATIONAL NOTES:

In our preparations for the Arnold Palmer Invitational, we will be limiting play during the month of February. With the following restrictions in place, demand for tee times will likely outpace supply, so please plan accordingly and take full advantage the 7-day advance tee time policy:

Monday, February 10 – Wednesday, February 26:

Play will be limited to no more than 120 players (Feb 10- Feb 16) and 100 players (February 17-26), with the 1st tee closing at approximately 2:00 pm. As available tee times are reduced, it is necessary to curb the amount of guest play in order to provide course availability for members who wish to play. As such, the following restrictions on guest play will be instituted from February 17 – February 26:

February 17– February 25: Maximum 1 guest per member

February 22: No guest play prior to 11:00am

February 26: No guests permitted

“Cart Path Only” restrictions will be in effect Feb 10 – Feb 26.

Charger Course: Holes 1 & 9 will be close at Noon on February 4 (#8 will be converted to a par 3); the remaining holes will be available for play through February 23 unless circumstances dictate otherwise. The Charger is projected to reopen for play approximately April 4th.

Tuesday, March 10:

Challenger/Champion reopens at Noon – double tee start

Club Storage and Locker Cleaning:

In order to accommodate the PGA Tour players during the week of the API, we ask that all male members with lockers please clean out your locker by 6:00 p.m., Wednesday, February 26th. Members with club storage – if you will need your clubs March 1-9, please pick up your clubs by 6:00 p.m. February 29th.

Golf Cart Usage During API Week:

Please note, Bay Hill Club Members are prohibited from driving their carts on property before 6pm throughout tournament week. Carts must follow the same rules as vehicles. No parking will be permitted in the Club’s main parking lot, in the on-course parking lot or in the marina parking lot (violators will be towed.)

Gentlemen must remove their hats while inside the Clubhouse.

INTRODUCING THE NEW API MEMBER VENUE FOR 2020!

New year, new concept, new location -- Get closer to the action with unobstructed views of the Hole #9 green and fairway in an Open Air Skybox reserved exclusively for Bay Hill Club members and their guests! Tickets are still available for purchase online via the Members Only Website. Member and Member Guest Badges may also be purchased online and are required for access to the Member Skybox.

Your Member Venue Ticket includes unlimited beer, wine and soda as well as a delicious lunch buffet (menu changes daily). In addition, we have once again invited some of

your favorite wine & spirits purveyors to be on hand to provide complimentary beverage tastings daily:

- Thursday, March 5 - Grey Goose | La Crema Wines
- Friday, March 6 - Bacardi | Jackson Family Estates & Spire Collections
- Saturday, March 7 - Winebow Wines | BreakThru Bourbons
- Sunday, March 8 - new! Grey Goose Bloody Mary Bar | Perrier-Jouet & St. Germain Bubbles Bar

As an added bonus, one complimentary on-site parking pass is included for every (2) skybox tickets purchased. Operating hours are from 11am to end of play daily. Individual dates for which members can purchase tickets:

- Thursday, March 5 \$125 ea.
- Friday, March 6 \$125 ea.
- Saturday, March 7 \$150 ea.
- Sunday, March 8 \$150 ea.

Only 100 tickets are available per day so dates may sell out quickly. Maximum number of Member Venue tickets one can purchase = 10. Keep in mind Member Venue tickets do not include access to tournament grounds; a Member Badge or Member-Guest Badge is required.
